RoXXon Corp created Deathlok, they thought they could control him- they were wrong. Now theyve got a big problem: a 6-foot-seven, 800-pound Deus Ex Machina made of wires and fibers, circuits and silicon, flesh and bone, is on the loose, bringing the pain to anyone that gets in his way. To bring him down, RoXXon will have to dig deep into its arsenal, and unleash its darkest, most outlandish secrets.
