

# MALALA: Importance of Education: Students, Teachers, and World Leaders, TOGETHER...We Can Change the World

Teach your children onto the right path, and when they are older, they will not leave it (Proverbs 22:6). This book may serve as an inspirational material for our kids to fuel their interest in learning and their sense of advocacy towards education. Children who are guided properly and taught accordingly about the importance of education would most likely be successful and have a brighter future. Education is the key for children to achieve their full potential and productive life. Equipped with the needed knowledge, they become assets to our families, especially to our nations peace and prosperity. But in this world that we live in, there are those who opposed even the basic of human rightsone of which is the right to education. And for this cause, we need to make a stand; we need to fight backa kind of fight like Malalasthe brave young girl who defies the guns and treats of terrorists. Malalas courage has earned the respect of the world. Her will has become our willher advocacy has become our advocacy, and now her fight has become our fighta fight to the endfor the good of our kids and for us all. Together we can do itTOGETHER WE WILL SUCCEED!
