

Adobe InDesign 2: Advanced Electronic Documents

Written by educators, for educators, the *Against the Clock* series is the complete solution for courses in Graphic Multimedia or Web Design Software. The hands-on, project-based texts are packaged with resource CD-ROMs that contain all the files needed to create the step-by-step projects in the text. Instructor CD-ROMs include assessments, overhead presentation materials, and additional projects. Coverage includes document layout, typesetting, typographic features, working with objects, managing output, PDF, HTML and XML. This title is ideal for professionals who teach Adobe InDesign, or educators of any course that includes graphic arts software and computer design software, or for anyone with a working knowledge of Adobe InDesign who is ready to proceed to an advanced level.
