Scandinavian art pottery, long appreciated regionally, has enjoyed a rediscovery by international collectors over the past five years. Using almost 500 dramatic color photos, this book explores the major factories, workshops, and studios that initiated and created ceramic modernism in Scandinavia, including Royal Copenhagen, Saxbo, Kahler Keramiks, Ipsen, Gustavsberg, and Tobo. Also recounted are brief histories of Denmark and Sweden's most influential designers, including Patrick Nordstrom, Axel Salto, Nils Thorsson, Cathinka Olsen, Gertrud Vasegaard, Josef Ekberg, and Gunnar Nylund. Written by a recognized expert in the field, this long anticipated book provides well researched, up-to-date information on the factories and ceramicists that collectors are most interested in, plus accurate information on marks, dating, and values. Clearly photographed and written, this essential reference will provide collectors with the knowledge necessary to enhance and build unique and valuable collections of some of the finest art pottery ever created.
